

## ZONING BOARD OF APPEALS APPLICATION

### INSTRUCTIONS AND PROCEDURES

- Regular meetings of the Zoning Board are held on the 3<sup>rd</sup> Monday of each month as needed at 7:00 P.M. at the Town of Barre Town Hall, or such other time or place as the Chairman of the Board may determine from time to time.
- All pertinent questions on the application must be answered, and all information required shall be concisely stated. Additional statements may be added if needed on the back of the application or on a separate sheet of paper.
- The final date for filing applications shall be ten (10) days before the date of the regular meeting and preferably at the end of the previous month.
- Applications shall be accompanied by 5 copies of a plot plan and the appropriate fee. Checks should be made out to *Town of Barre*.
- Plot plans shall be drawn to scale, accurately showing lot dimensions, area, yard dimensions, location and size of all existing and proposed building on the property. Surveyor's maps are preferred and may be required in some cases.
- The Applicant or an authorized agent must attend the meeting, present the facts of the case, and be prepared to answer questions. It is extremely important that all the facts and details be presented clearly and correctly, with as much supporting evidence as possible.

Personal preferences, emotional issues and self-created difficulties are not proper or sufficient grounds for granting a variance. The Board must base their decision on the facts found during the hearing and review of the case. Please be aware that each application presents its own unique case and as such, circumstances vary on each application's outcome

Some examples are as follows:

- a. If topographical conditions are claimed as a hardship, provide photographs and/or a topographic map with cross-section showing existing and required grades.
  - b. If pre-existing conditions are involved, provide evidence in the form of survey maps, properly records, eye witness testimony, etc. to support the claim.
  - c. If financial considerations, are involved, present actual dollar figures such as cost of dirt for filling, cost of moving a structure, costs of upkeep and repair, etc. Your figures shall be supported by documents such as estimate sheets, price quotations, or business records.
- On an application for a re-hearing, the applicant must allege new facts and provide proof of them at the hearing.
  - **THE ZONING BOARD, IN ITS DISCRETION, MAY DISMISS AN APPEAL (WITHOUT PREJUDICE) FOR FAILURE TO COMPLY WITH ANY OF THE FOREGOING.**

## VARIANCE INFORMATION

### AREA VARIANCE

An area variance seeks relief from a dimensional requirement imposed by the Town of Barre Zoning Regulations.

The applicant must show proof that he/she has practical difficulty if he/she is required to be in strict compliance with the Zoning requirement.

The Zoning Board of Appeals must consider the following in their deliberations:

- Will the requested variance be detrimental to nearby properties?
- Will an undesirable change occur in the character of the neighborhood?
- Are there any other feasible alternatives to achieve the benefit sought?
- Is the requested variance substantial?
- Will the variance cause adverse effects on the physical and/or environmental conditions in the neighborhood?
- If the difficulty self-created? (Although relevant, this does not necessarily preclude granting the variance).

In making its determination the Zoning Board of Appeals shall take into consideration the benefit to the applicant if the area variance is granted, as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such grant. If the area variance is granted, it shall be the minimum variance that it shall deem necessary and adequate and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

### USE VARIANCE

A use variance allows property to be used for a type of land use which is prohibited on the particular parcel by the Town of Barre Zoning Regulations.

The applicant must show that under existing zoning regulations, the property suffers unnecessary hardship (usually financial). This does not mean financial profit; it means unreasonable financial investment to use the property.

The Zoning Board of Appeals must consider the following in making their determination:

- The property owner cannot realize a reasonable return from **any use permitted** in the particular District.
- The landowner has circumstances unique to his property.
- The use will not alter the essential character of the locality.
- Unnecessary hardship is not valid if it is created by the applicant.

In making its determination the Zoning Board of Appeals shall grant the minimum use variance that it shall deem necessary and adequate to address the unnecessary hardship proven by the applicant and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

### IMPOSITION OF CONDITIONS

The Zoning Board of Appeals, in granting of both area variances and use variances, has the authority to impose such reasonable conditions and restrictions as are directly related to and incidental to the proposed use of the property. Such conditions shall be consistent with the spirit and intent of the Zoning Regulations, and shall be imposed for the purpose of minimizing any adverse impact that such variances may have on the neighborhood or community.
