2	The wind project was rammed through too hastily by some of the very same people that will most benefit from the Heritage Wind project.	4/16/2024 4:14 PM
3	These projects do more harm than good for our environment, economy, and future. Finances and personal gain are what drive these forward. I was for them, until I started looking at the studies and research.	4/15/2024 9:01 PM

7	Wind energy is detrimental to residential property values. Not enough information has been presented about the pros/cons of solar.	4/13/2024 8:45 AM

11	we need to be progressive in all we do.	4/10/2024 8:57 PM
12	NO, the negative far outweighs all supposed benefit from these projects, specifically in regard to health and environmental impacts. Further more the removal/decommissioning of these projects will not be (as currently it is not) laid out in such a way that the town/ residents have no potential to receive the burden. If a resident want personal wind or solar I have no problem supporting their own PERSONAL residential wind or solar at their own residence.	4/10/2024 9:58 AM
13	Solar would be fine if it didn't take too much farm land. Ok for marginal unproductive land including swamps and wetlands.	4/7/2024 7:02 AM

22	Don't think we should be taking good farm land for solar.but if you own the land you should be able to do whatever you want with it.	3/26/2024 12:19 PM
23	Taking care of our environment is crucial; however, these projects do very little if anything towards achieving these goals and actually significantly hurt our immediate natural resources that we are supposed to be protecting. Upstate NY (where we are located) is already operating according to NYSIO at 90% carbon emissions free electricity because of Niagara falls. The infrastructure to get the electricity from upstate to downstate where they need clean electricity is not inplace. In addition, because the Town has chosen not to tax them at their value like other businesses and residences in our community the amount of tax revenue generation is significantly less than it should be. If all of the HCA and pilot are placed towards tax reduction (which I believe it should be) the average tax payer in Barre would see a reduction of about \$400. That will not even cover the impact of these structures (any solar wind or battery) on our community. In addition, the proposed industrial wind for example for anyone within the 3 miles of these turbines studies not financed by those advocating for renewable energy shows that they will lose value. The Heritage Wind Project where there are many homes that have 8 or more industrial wind turbines within 1 mile! Our ordinances for renewable energy need to be updated to better protect the residents of Barre.	3/23/2024 11:55 AM
24	I do not support communist back organization .	3/21/2024 4:58 PM
25	Now that you know I am not a Turbine Supporter, you will most likely throw my survey out. Let alone, you will most likely NOT read my comments and I guarantee I will NOT "WIN" any prizes. But, here it goesThese projects are not conducive to our quiet, farm, rural living life-	3/20/2024 3:53 PM

	style. To change this would mean an entire change to a comprehensive plan. If this is to be, then Barre should no longer be an agricultural town, but should be opened up to manufacturing and housing development as well. What is good for one commercial entity should be good for all commercial enterprising.	
26	Government monies are too tied up in these ventures for a short term benefit and few people profit.	3/20/2024 12:38 PM
27	All these project destroy the environment. These corrupt companies will leave the town with the cleanup and cost .	3/19/2024 8:26 AM
28	solar panels shouldn't be on Rt.98 because of need space for future businesses. Barre is not a good place for windmills. they should be in wide open places away from homes.	3/18/2024 7:35 PM
29	These would ruin what our community has stood for. They are not a legitimate source of revenue.	3/18/2024 5:43 PM
30	Build the Wind Project	3/18/2024 3:27 PM
31	Actually yes to wind BUT NOT the 600' plus turbines. There are much smaller/shorter devices that cost WAY less and have been proven to produce more that TEN Times the electric, with the same amount of wind. These large turbines are a scam, and NOT possible without first taking money out of our pockets to give to the turbine companies. But no one really seems to care about the environment	3/16/2024 3:00 PM
32	my thoughts are. solar doesn't justify agricultural lose, and company's come in build for tax breaks, and system isn't functioning for years. farm land is food.	3/14/2024 10:23 AM
33	Wind and solar chew up valuable agricultural land that should be producing food. At this stage, commercial battery storage is too dangerous to be placed in rural areas that have minimal, all-volunteer fire fighting capacity.	3/11/2024 12:21 PM
34	If you want clean energy, nuclear is best. More energy is used creating wind/solar equipment than that equipment could ever produce in its short life span.	3/11/2024 11:49 AM
35	These types of projects will not stand the test of time and are only financially beneficial to very few residents and many of them do not live in the Town of Barre. These projects detract from value and are extremely detrimental to the wonderful look and feel of our town, which people who are being paid do not care about.	3/11/2024 9:41 AM
36	Worried about the affects its going to have on the wildlife in the area	3/10/2024 4:57 PM
37	All are human health hazards	3/9/2024 1:56 PM
38	The town is too small to support the negative aesthetic changes these energy projects would bring. The town website boasts rural beauty and a welcoming community, Is that really what it still is? The new town officials, have their own interests at heart.	3/9/2024 12:45 PM
39	All these barns, put solar on their roofs.	3/9/2024 12:25 PM
40	These projects only benefit a few and the rest have to suffer from the blight. None of these projects get voted on by the public.	3/7/2024 9:12 PM
41	These are all fads and only help a limited few. Commercial batteries are extremely dangerous. Solar takes up vast amounts of land	3/4/2024 11:16 AM

Q4 If the Town of Barre were to receive significant funding (such as from wind, solar or other projects), what are your suggestions for how the Town could use these funds to better the community and support the people who live and work here?

40	The Town Budget should increase by 0% and all funds should go towards reducing the taxes for the residents that are shouldering the burden. It is unfortunate that the Town Supervisor, Sean Pogue has already planned and made promises to use the funds and increase Town spending. It is also unfortunate that many do not understand how their taxes work and Town taxes are the smallest portion of their taxes. And that developers, specifically Heritage Wind pushed the narrative that projects like this would cover residents taxes. In reality, the Town, County and School are providing them with a tax cut. If this project was taxed like any other business thamen everyone would benefit more and the Town would actually be better off financially.	4/15/2024 9:01 PM

66	It is not the town board's decision. This is not "funding" that would be coming in but rather an alternate way of receiving tax. Without a community vote when or how to spend such money, it should be treated like all other town tax. Any additional monetary influx is put to the SAME EXACT ACTION AS EVERY OTHER OWNERS CONTRIBUTION TO THE COMMUNITY. The residents should not me making suggestions on what the town should go spend money on. The residents should vote on such things, especially if other than to go toward the already approved budget. I fear the town has already lined up their cards to have this money, if it comes, come in separate from what the residents can and SHOULD be VOTING ON!!! This is NOT extra "play" money for the board to figure out what to do with it. IT IS THE RESIDENTS WHO SHOULD BE DECIDING WHAT IT GOES TO BY VOTING once/if the money is actually received. I would highly urge that this be set up in such a way! There is already division in the community, lets not let this spread anymore! If it is community VOTED on to remain in the budget and lower individual tax contribution, to build a new fire hall, better the park, support veterans and elderly or any of the other suggestions people mention - it will be because the majority of the town agrees that it is best way to spend the money. Again, I don't think anyone should be giving "suggestions for how the Town could use the (money)." It NEEDS to be voted on. We need to keep unity in the town.	4/10/2024 9:58 AM

183	Solar Farm	3/11/2024 1:14 PM
184	It's not about the money. Barre needs to decide if it is a commuter exurb for people who work in Buffalo or Rochester (as it has been for many residents), or an industrialized wasteland that financially benefits a small number of individuals and corporations (as it is becoming with landfills, solar installations, proposed wind farms, large-scale quarries and the attendant heavy truck traffic), or a safe, clean, quiet, environmentally rich place to live and raise one's family.	3/11/2024 12:21 PM
185	Build a nuclear plant.	3/11/2024 11:49 AM
186	First off just say no to the promised money from the wind project. The technology is out dated and is not "green". Any moneys received should be used to reduce taxes.	3/11/2024 11:05 AM
187	Improve Barre Park, Recycling days for paint, tires, etc. Money to help clean up properties, money to help small businesses such as small deli or grocery store, sidewalks in main town, leash laws, new fire hall	3/11/2024 10:38 AM
188	This is what I worry about the most. Money and power do not usually directly benefit the residents of this town. If the entire look of the Town of Barre New York is going to be drastically changed by something they do not agree with and have no control over, the residents should have no town tax bill going forward. If there is money left over it can then be aimed at roads, internet, etc.	3/11/2024 9:41 AM

200	invest in capital projects to keep tax levy down	3/9/2024 1:10 PM
201	Leaving the promises of corporate wind and solar funding out of the picture, the park would be a good place to start with updates. Rental fees for the use of the pavilion, even to people outside of the community for events, such as graduation parties, receptions, flea markets, farmers markets ect. would generate some funds. The town has the equipment,knowledge, and access to public utilities to install restrooms and a place to serve food. At some point, an additional pavilion could be added. Entrusting someone with good financial skills, and who is truly interested in the growth of the park would have to be added.	3/9/2024 12:45 PM
202	Lower taxes. Support the fire department better. Make decisions that a lot of people would benefit from rather than a small group. Some ideas are nice but after the amount of money gets spent and only a few people benefit, was it really worth it? (Park ideas)	3/9/2024 12:25 PM

3	Too many drunks on the road to begin with let alone people being high	4/13/2024 9:32 AM
4	People love drugs though.	4/11/2024 5:12 PM
5	People are going to get high if they want	4/11/2024 3:21 PM
6	Don't know what a dispensary is.	4/11/2024 3:19 PM
7	You would be foolish not to Time they are a changing	4/10/2024 12:13 PM
8	No, I'm concerned about the type of people a cannabis dispensary would draw into Barre and the ability of local enforcement to deal with disturbances should they arise.	4/10/2024 9:58 AM
9	It would bring tax money to the town	4/9/2024 12:58 PM
10	If someone wants to open one then fine but not something I would solicit.	4/6/2024 3:33 PM
11	Enough drugs in Albion	4/6/2024 11:26 AM
12	Absolutely not!	4/3/2024 5:34 PM

11	need grocery store Sidenote - Question 2: Small Businesses - Grocery Store	4/23/2024 4:25 PM
12	I enjoy clear skies, and I am willing to pay to keep it that way.	4/23/2024 4:08 PM
13	We need to preserve farmland - solar and wind projects do not belong here on farmland. They are not supposed to be sited on farmland.	4/22/2024 8:33 PM
14	No cannabis	4/22/2024 8:02 PM
15	Keep strong agriculture and natural resources. Believe in property rights.	4/22/2024 3:36 PM
16	No	4/22/2024 10:12 AM
17	No	4/22/2024 9:57 AM
18	Development should generally be concentrated near Rt 98	4/18/2024 10:22 AM
19	Just for clarification the beginning questions talk about open spaces/ agriculture bringing in industry, industrial wind turbine and solar projects are industrial, not agricultural and should be looked at as such. If we want to protect our rural community, we need to actually protect it, and not allow money for some to sway this.	4/15/2024 9:01 PM
20	We should be very careful with encouraging large or chain businesses to our town.	4/15/2024 7:46 PM
21	Commercial wind/solar type projects are too big. Land use should stay mostly agricultural or small business and keep rural feel.	4/15/2024 5:00 PM
22	Keep a county setting - no wind farms	4/15/2024 2:05 PM
23	Aside for open spaces Barre has nothing to attract large serious corporations that would benefit the town. Anything utilizing large expanses would only be detrimental to the quality of life. Improve the park, lighted fields. If we had enough fields we could look to host tournaments. Better facilities. Look to host concerts, events etc. Snowmobile and atv tourism.	4/15/2024 2:03 PM
24	Keep Barre rural and agricultural. I accept the taxes that are currently needed to support the town and would prefer to pay more taxes than see development spoil the character of the town.	4/15/2024 1:39 PM
25	No	4/15/2024 9:48 AM
26	More grant based incentives	4/13/2024 9:32 AM

27	We need to have our own sufficient community. Bring back a convenient store/gas, increase park usage	4/13/2024 8:45 AM
28	No	4/11/2024 5:57 PM
29	We need to return back to the years of Mark Chamberlain at supervisor of the board. As well as Dale Ostrowski at the Highway Department. We never had any issues back then as a town. This current board is the trouble.	4/11/2024 5:12 PM
30	The town of Barre board members are all losers who never make anything better for residents. It's all Ego. We never had any problems under Mark Chamberlain and Dale Ost. Barre was trouble free and run just right back then.	4/11/2024 3:21 PM
31	Seems like the tax rate would shy away folks. Lowering the tax rate to attract outsiders, I really don't know how much benefit the Town of Barre would get.	4/11/2024 3:19 PM
32	Barre is one of a few small towns important to keep it small town, a local convenience store like the barre deli was would be good, not a Crosbys type	4/11/2024 2:56 PM
33	Have workshops and informational meeting regarding the development of the Town of Barre.	4/10/2024 8:57 PM
34	Something has to be done besides raising our taxes	4/10/2024 12:13 PM
35	1. The town is not responsible for bringing in money. With the current wind project proposal it seems the town's stance is that it needs to have more revenue and that the board needs to bring that about. 2. More local small business will help with a sense of community and not hinder the overall "feel" of Barre. 3. As the Comprehensive Plan is being updated and revised it is important to look beyond the current situations to what the over all vision is in the future.	4/10/2024 9:58 AM

Sound development principles encourage the maintenance of dense clusters of housing as occurs naturally in Barre Center. Businesses that might encroach on this should be regulated so as to safeguard housing, a much more fragile resource than commercial or industrial uses. Those properties containing commercial or industrial uses should be taxed appropriately and not be given special treatment.	3/11/2024 12:21 PM

If there are other possible projects rather than wind and solar, what are they? I believe that most people live in this town and have stayed in this town because of what it is. These major changes are being guided by a very small percentage of people that live here. I believe the town should also focus on the park as well. The park, with significant upgrades to facilities and equipment, could potentially be another source of revenue to help with other expenses and upgrades, plus being able to hold great festivals/events as well. 15	To be honest, the town better plan for voluntary home building before NYS makes that decision for you. Be very careful about the "Barre doesn't need more residences"are you treading on Fair Housing Laws by trying to keep "families" with "children" or "veterans" or people of "race" out? Read your protected classes laws on the HUD website. NYS & HUD frowns on towns that put up the "keep out" signs. Might want to read Governor Kathy Hochul's "New York Housing Compact". 11	Some sort of noise ordinance allows there to be something to enforce when it comes to inconsiderate neighbors - specifically renters. However that is mostly not needed, so there is no need to be overbearing.	4/10/2024 10:17 AM
12	Barre is a quiet town with little or no niose.	4/7/2024 11:09 PM
13	How do you enforce something you don't have?	4/6/2024 11:28 AM

14	This ordinance should include not having to listen to four wheelers running up and down the road or fields.	4/6/2024 12:06 AM
15	A ORDINANCE WOULD. BE. HARD TO. ENFORCE .I. would. like to see a. grievance. board. handle. complaints from neighbors. If. the one. being. complained about. doesn't. show up or cant. justify their. actions then a. fine should be. levied	3/30/2024 7:47 PM

18	An ordinance that is enforcable about consideration of neighbors would be helpful. And ensuring that our ordinances are enforced and thought through prior to being overridden by the zoning board of appeals is important.	3/23/2024 11:56 AM
19	Atv racing up and down the roads as well as any commercial utilities noise that are produced	3/21/2024 5:03 PM
20	On summer weekend days/evenings, you can hear a plethora of dirt bikes/atvs racing on a dirt track somewhere hidden in a woods. It is CONSTANT and annoying! Sometimes, I wish we lived in Switzerland where it is ILLEGAL to run ANYTHING on Sundaysyou will receive a ticket - Sundays are strictly for a day of rest, peace, and family. I live on a quiet, rural, side road, but sometimes my sister's house in Greece, NY is more peaceful and has WAY less noise!	3/20/2024 4:25 PM

26	who would enforce it ???	3/13/2024 6:50 PM
27	This would disrupt agriculture practices. The Pinehill airport, however, Is very noisy on the weekends During spring summer and fall And they fly into the late evening.	3/12/2024 9:51 PM
28	One might think that noise would be a problem only in our more densely settled areas like Barre Center, but these days vehicle traffic is becoming one of the most disturbing types of noise. Having heavy trucks constantly rolling down the rural road in front of your house from before dawn to well after dusk can really destroy your comfort indoors and the ability to enjoy your porch or yard outside.	3/11/2024 12:33 PM
29	Pretty vague question.	3/11/2024 12:02 PM
30	See Holley's noise ordinance as an idea. It's about a town that needs to assume responsibility for any negative actions of its community members, against another, including unkept or unused properties as well. I'm referring to properties that have been falling down for years, becoming dangerous.	3/9/2024 1:04 PM
31	Depends on noise and length of noise-	3/9/2024 9:19 AM
32	Mainly in regards to ATV use. Specifically 4 wheelers and dirt bikes. When these vehicles, especially with modified exhaust systems, are traveling on the road past residents homes multiple times a day and after dark and at times at high rates of speed is very annoying and not safe. These vehicles are probably not registered or insured. Seems to be a growing problem in surrounding towns as well.	3/8/2024 2:43 PM

20	Barre needs to take down homes that have been abandoned/neglected such an eyesore. To allow new build in its place. We don't need a mobile home park other than for seniors that it kept up nicely and not become trashy	4/11/2024 2:59 PM
21	Clean up the town, there are so many unkept, fire damaged homes etc., that need to be gone. Those of us who do an excellent job in maintaing our property are tired of living next to homes that have tall grass, trash all over, squatters, etc. The codes person needs to do their job!!!	4/10/2024 9:07 PM
22	I wish there was a code of something to make people maintain their property to a certain standard. There are a few houses right on 98 that are in my opinion inhabitable, a fire hazard and a complete eye sore. Makes Barre look junky.	4/10/2024 3:06 PM
23	I have concern for mass "clean up the neighborhood" attempts because of the undue hardship it brings on those in lowly means. I know the current supervisor has admired cleanup efforts in near by areas (specifically remember him mentioning Batavia). It is wrong to push out community members because of their financial hardship. This would only further help a turn housing in to rentals - as it has in Batavia. Likewise, many residents live rural to be left alone to live as they please.	4/10/2024 10:17 AM

24	Someone needs to make the owners of the burned up houses, clean them up. As for dump north of the firewall on our main street ,clean it up or tare it down. What a disgrase!	4/9/2024 10:31 PM

68	We do need more affordable housing. Young people are struggling and even though they may be working 2 jobs and bringing in \$80k, they still cannot afford the American Dream of Home Ownership. What if Barre were known as "The Town that Made Home Ownership Possible"? What if Barre were known for "Making Farm Dreams Come True for Those that Could Never Have Done it?" What if Barre were the model for young families that DO want to farm? Barre is aging out, folksbetter attract young people while you can. As far as homes less than 900 square feet? Here's the thing, it sounds good and it sounds affordablebut, what are you looking for? Single wide manufactured homes? Are you looking at campers? Are you looking at "camps"? Are you looking at the cool-looking "tiny homes" that are so cute in pictures which are not so cute when the well-intentioned owners find themselves in a hording situation where their crap is pouring out the windows? Or, are you thinking that less than 900 square feet could help an aging parent or kids that just cannot make it in the outrageously expensive rental world, so that people in these types of situations have a place of their own on your large-enough property? THIS needs A LOT of THOUGHT and A LOT of REGULATING. No one wants a dirt bag for a neighbor who just tosses their toilet water out the window, because their tiny bathroom is not enough for their family of 6 - trust me.	3/20/2024 4:25 PM

24	no water pressureno new lines till problem solved	3/31/2024 11:59 AM
25	It has an unpleasant odor & taste	3/30/2024 8:37 PM
26	Because of my health	3/30/2024 4:31 PM
27	We don't have water down our road and are on a well with water we cannot drink.	3/30/2024 4:13 PM
28	I don't drink the water	3/30/2024 3:44 PM
29	Would love a public water line!!	3/30/2024 1:38 PM
30	Water tastes really bad. I have a filter pitcher and we are considering a water filtration system	3/30/2024 11:08 AM
31	First of all, it's too expensive. Secondly, it's pumped full of deadly chemicals. Let's fix that.	3/30/2024 8:21 AM
32	Low pressure	3/29/2024 6:38 PM
33	No problems, great well	3/26/2024 12:08 PM
34	Smells and taste like chemicals , I should have never hooked up to it .	3/21/2024 5:14 PM
35	All residents should have access to public water.	3/20/2024 8:24 PM
36	Loaded and smell of chemicals because the town of does not flush the line.	3/19/2024 8:32 AM
37	It smells or chlorine	3/18/2024 1:04 PM
38	So GLAD we have public water, Thank you!!!	3/16/2024 3:11 PM
39	I just have to keep my filters clean once a month, hard water. the town water has recently gone by my house, But I delayed hooking up because it was dead ended at my house. finally metering pit put in and hooked to Albion. Also the cost in my taxes for water going by my house is excessive. haven't hooked up yet	3/14/2024 10:47 AM
40	Don't have public water avalible	3/13/2024 6:55 PM
41	My family does not drink the public water, pressure on Pine Hill Road can improve	3/12/2024 9:51 PM
42	Water pressure is sometimes low from the municipal system.	3/11/2024 12:42 PM
43	I use a water filtration system, as the public water can sometimes smell/taste like the lake.	3/9/2024 1:13 PM
44	Low water pressure. I wish I had not connected into the water line. My well was perfect	3/9/2024 12:07 PM
45	Well water, well has gone dry 4 of the past 9 years, please prioritize water to district 10	3/8/2024 6:15 PM
46	Water is not available to all at an affordable price.	3/8/2024 2:56 PM
47	No water line on my road	3/8/2024 1:37 PM
48	Aside from pricing before and after COVID, instead of abandoning the idea of new water districts, ways to provide water and fire hydrants across the entire town.	3/8/2024 1:06 PM
49	Town water lines not provided to all residents in Town	3/8/2024 11:20 AM
50	we had bubbles in our water not sure what that was from	3/8/2024 10:31 AM

52	We have a well	3/6/2024 9:11 PM
53	Our well, that used to be able to support a small dairy farm now cannot support a single family home. We had to pay to hook up to and for the use of city water. Why has the watertable dropped so low in Barre?	3/5/2024 1:48 PM
54	Wells are not good. Current water districts were not planned well. Future planning of water districts is poorly managed.	3/4/2024 11:29 AM
55	I am on a well that is very good.	2/28/2024 4:20 PM

26	You do know we don't even have a store or gas for people to purchase If people want electric cars in the country, they need to figure it out.	4/10/2024 12:21 PM
27	This is just silliness. We are a small town that does not need to dump endless money into charging stations. This does not seem likely to aid to the community in any significant way!	4/10/2024 10:37 AM
28	Keep out all renewable energy projects	4/9/2024 2:06 PM

40	If this would be needed and financially a wise investment then someone in the private sector would already be doing it. This should not be a government funded project.	3/23/2024 11:59 AM
41	At of states are not going forward with the EV lies . Some companies have stopped making them , but if you are a communist sympathizer you will have to be loyal to the cause .	3/21/2024 5:14 PM
42	I certainly hope not. Try driving one of those to Indiana in a snowstormgood luck! I think EV is a bad fad and will fade out - better to not spend the money. In any case, if the town does not have a place for a person to do something while they wait the ridiculous amount of time it takes to charge a car, what is the point? No one will stop anyway and don't say, "they could stop at the park"no one is going to stop at the park in the wintertime.	3/20/2024 4:46 PM
43	Most of the companies will be bankrupt by then	3/19/2024 8:32 AM

46	Maybe only a few. These cars are expensive and may not be affordable by most residents.	3/17/2024 1:51 PM
47	Where would they be? Like in Batavia, they are not for the handicapped they could not be further from the stores	3/16/2024 3:11 PM
48	We are a pass-through town. There is no incentive to cater to the EV market	3/15/2024 7:11 PM
49	There will be plenty of charging stations in Albion and Batavia if one cant charge their vehicle at their residence.	3/15/2024 8:41 AM
50	I think any charge stations should be available on a pay by driver basis.	3/14/2024 6:57 PM
51	the electric vehicle craze isn't going to work, cold weather here batteries only 1/2 of there charge time.	3/14/2024 10:48 AM
52	I think it'll be more of a trend for people to have charge stations at their homes.	3/12/2024 9:51 PM
53	EV's are far too expensive for our citizens in Barre NY	3/12/2024 12:20 AM
54	Yes but should be charged to use. Not free	3/11/2024 5:23 PM
55	Of course, that depends on a number of things. Right now it appears that the push to EV's is hitting obstacles. Also, most Barre residents have access to an exterior outlet of some kind to recharge at home. We would need to think about who would need these stations and where they would be located. There is no longer a gas station on Rt. 98.	3/11/2024 12:42 PM
56	Plug-in vehicles waste resources. Parallel hybrid or maintained gas/diesel would be better.	3/11/2024 12:05 PM
57	Only because the state is stupid the way they are implementing going green. We aren't ready for the complete overhaul let alone the grid can't support it	3/9/2024 12:33 PM

20	31a is minimally plowed in the winter. Backroads within the town are plowed better. Those on Mathes Road need to remember that it's still a public road and need to contain their dogs, poultry, off road vehicles. There have been a number of times where those items could have caused a serious accident.	4/13/2024 8:58 AM

127	This is hard to say. Depends on what is allowed	3/24/2024 2:05 PM
128	Funds should be used 100% for tax reduction. If it is not allowed to be used for tax reduction, then funds should be used to set the Town up for the future for success, investment in our employees (so that we can compete for high quality Town employees), technology for paperwork etc that will help us to be more efficient and reduce costs.	3/23/2024 12:00 PM

145	Up until a few years ago it was the people but now neighbors are nasty to each other if they do agree on topics, most recently windmills. Several of the neighbors who oppose the windmills have turned mean and are ruining our community.	3/20/2024 8:32 PM
146	The farm land. Keep the land and forests Beautiful protecting the wildlife not putting up turbines or solar farms.	3/20/2024 7:05 PM
147	I look out my window and I can see a number of birds or creatures on any given day. The view I have of the sky is amazingNOTHING clutters it. The sunrise coming up over the trees is breathtaking. Take that away and I feel as though I would just die. I do like the wide open spaces, but am beginning to feel cramped in with the solar farms and the doom of gigantic wind turbines slotted to destroy my view. We have so little in this lifemy vision was to die peacefully looking out that window. If the monsters come and destroy that peace, what is the point of anything? Really.	3/20/2024 5:08 PM

#	RESPONSES	DATE
1	Why did our supervisor vote to go with Monroe Ambulance Svc. which provides inferior service because of lack of staff and equipment over Mercy Flight? And why did he not consult with B.F.C. before making his decision?	4/23/2024 6:53 PM
2	There are people that live in Barre & bring in tax money but are not farmers. They should also be respected. Supervisor should have mtg agenda for townspeople & especially town board members to review beforehand to be prepared and informed for discussion - also some work all day Wednesday so they NEED time to be prepared!	4/23/2024 6:09 PM
3	Where is the Dollar General?	4/23/2024 5:56 PM
4	We need a Dollar General No wind energy No more solar No commercial battery storage	4/23/2024 5:51 PM
5	Keep the turbines out	4/23/2024 5:45 PM
6	Town needs to embrace all residents equally, their opinions matter. Should not cater to a small group that may benefit from policies/decisions made by certain group of Board Members	4/23/2024 5:41 PM
7	Community events, greater use of park, more "country shops", not having to drive 10+ for ice cream or a community event (local band concerts, etc.)	4/23/2024 5:20 PM
8	Ambulance service but local not 20+ mins away	4/23/2024 5:00 PM
9	don't ruin good usable farm land for solar farms or windmills, use the wasteland for this stuff if approved	4/23/2024 4:44 PM
10	leave the wind turbines out of the town leave solar out of our town Town is too small - there is nuisance noise that is involved with both types of development. Make our comprehensive plan about preserving farmland; not developing it for industry Sidenote - Question 27: ? it depends because I don't want to live in a solar/wind turbine project.	4/22/2024 8:45 PM
11	Sidenote: 19. Keep the town website updated Sidenote: 21: Note enough people interested. Keep the dedicated willing ones we have who have the knowledge and experience. Some members of the Town Board need to work with the others and not focus on their own agendas. Stop playing "I got you" and do your job for the TOWN and not yourself.	4/22/2024 7:34 PM
12	We fill these forms every so many years and never get repots back. We need a Town Newsletter so that everyone has access too Town info.	4/22/2024 10:59 AM
13	Many of my neighbors have chosen to move out of Barre, some out of the State but many to other nearby communities, because of what the Town of Barre is allowing and in a lot of way the current supervisor and some people working with him are encouraging. I dont know how to answer the question of how long I will be in this community. When we bought our home, before all of these "green" projects I would have said for the rest of my life. Now, I don't know.	4/15/2024 9:17 PM
14	I would truly be sad if the town were to encourage growth by trying to bring in big business, chain stores or more housing just to get more tax revenue. With growth comes more crime and more problems. Let's keep our rural town, rural.	4/15/2024 7:56 PM
15	Reduced Speed zones on East Barre rd, maple st, west barre rd. Weight limits to keep commercial trucks off back roads and on 98 or 31A. And enforce it.	4/15/2024 2:13 PM
16	The town highway building is too small for the current size of vehicles. It should be replaced with wider and higher bay doors so the vehicles can more easily be fitted inside.	4/15/2024 1:52 PM
17	Thank you	4/15/2024 9:52 AM
18	Get back to the basics like it used to be. Everyone try to get along better.	4/13/2024 9:41 AM

19	If some form of government-funded renewable energy project comes to the town of Barre, make sure that the townspeople are getting the best benefit possible. Be sure to inform all citizens of what is going on and allow each individual to have a say in the future of the town.	4/12/2024 6:27 PM
20	I think the whole entire town board should resign because they suck. They should be ashamed of themselves. I can't stand any of them clueless arrogant ego assholes.	4/11/2024 5:26 PM
21	There are enough towns around here that have or need improvement but Barre needs to stay rural.	4/11/2024 3:05 PM
22	We need to all work together to keep this place a small rural area.	4/11/2024 12:38 PM
23	AMBULANCE: This town board didn't listen to the people, so the service we get from the ambulance is terrible. I know for a fact that during the night there is no ambulance in the county let alone the town, plus they are usually stationed at the corner of 104 and 259, when there is an emergency time is of the importance and with one so close like Batavia, why this town would go with someone who doesn't know the area is beyond my thinking. Yes pay for a service that is adequate and reliable.	4/10/2024 9:10 PM
24	The lack of maintenance on some of the houses right on the main road are a hazard and doesn't make living in the Town of Barre appealing.	4/10/2024 3:09 PM
25	I move to Barre 6 years ago at the beginning of the wind project proposal. Had I known of it, I would NOT have chosen Barre because I have seen neighbors' relationships torn apart by greed and betrayal. I have witnessed emotion over emotion run the conversations in the town. Even this comprehensive board was formed with who support turbines and solar and who doesn't like little tally marks hoping for the outcome that best fits. I cannot tell you the extent of how this has hindered Barre. Before I moved, every single person told me what an amazing place it was to live. Things like 'Sure higher taxes but the community' 'Higher taxes but the view.' Higher taxes BUT was always the comments I received. (I MOVED HERE WITH HIGH TAXES! The idea that Barre will have people move in or out based on tax percentage alone is foolish.) But any time I tell people where I live now I am met with 'oh yeah, the turbines,' 'did you see the editorial' 'I cant believe people are treating each other that way.' This town will not be made nor broken by these proposed projects but rather the people! As the comprehensive planning committee I strongly suggest you consider ALL your neighbors, not just the ones you agree with at the moment. I still live in Barre, in spite of the high tax, turbine controversy, the town board bias, nasty comments and actions. I have stayed because I still see a future down the road where people can once again say 'higher taxes but' and I know it will be absolutely true. What is it that keeps Barre, Barre? I highly hope question 26 is elevated in your review of the comprehensive plan. Thank you for taking the time to sit down and think about Barre's future. Please remember that the past was not "bad", not everything needs changing, there is still good in Barre.	4/10/2024 11:21 AM

27	Stop letting the board make decisions let the resident more choices and stop worrying about the rich people and give the average people more choices	4/9/2024 1:47 PM
28	I do not believe that any board member (or board member's family) who may benefit financially from any future business decisions should be allowed to vote for that business and should have their vote withdrawn. I also believe that when it comes to the future of the town that voting should be open to all residents so that everyone gets their voice heard and not just a small group.	4/7/2024 11:23 PM

49	I feel the town is unfortunately divided. I feel this happen because some community members felt their interests where the most important and because they served and had power. They pushed their agenda thru. Things could have been different if they allowed the citizens to decide what they wanted. They blocked a vote on important matters , pushed agenda thru by leaving off important questions on the last. survey thus snuffing out opinions. Ignoring private surveys that were done , that. should of at least triggered a town vote or survey if they really cared . They ignored planning board concerns , took a handpicked 50000 dollar joke of a reason to change the wind ordnance just so they could., and. completely ignored the comprehensive plan of what was important to our residents to get there way . Yes there are a lot of trust issues in this town unfortunately and things will not get better until people say no, this project should go thru the right way . Maybe this comprehensive plan will show a positive review for the Heritage project not one of the earlier ones have .	3/30/2024 8:37 PM

There is not where in this small town for tis occur. Leaseholders are conflicted and have no place on the town boards as long as there is a wind/solar project.	3/26/2024 11:27 AM
56	Keep us an agricultural community.	3/26/2024 6:32 AM
57	Strategically work hard to communicate with the residents of the community and get participation. Help residents to feel valued and heard. Work to make all meetings excessible to the public. If you are an elected or appointed official and you do not want to share things publicly then you probably shouldnt be sharing it. Organization, communication and strong leadership is needed. Having term limits and encouraging public participation can increase invovlement and help Barre residents to feel empowered that they can participate in the Town government. Also the Town and Fire Department should be working together and encouraging each other. Town officials, should seek input from those who are knowledgable and would have helpful insights when making decisions. For the question how long do you intend to live in the Town of Barre, this is very much dependent on what happens and what projects come into our community and the actual impact. The studies show that about 10% of people who live near	3/23/2024 12:02 PM

industrial wind turbines will be physically negatively impacted due to infrasound. We wanted to live in Barre for the rest of our lives, but your decisions may force us out of our home.

60	It would be nice to be a community where everyone gets along and helps each other. Divisions have been made, friendships completely destroyed. Lies abound about others and hatred runs deep. People that would help each other now snub each other. It's heart breaking. The damage is done. My following thoughts come from a very commercial stand point. It is impossible to imagine building into Barre Center - the committee from years ago did not plan for growth or expansion. I see a vision for a small grocery store next to a small gas station. Yes, maybe even a bakery or a pizza shop/bakeryI see an ice cream stand next to or within the Barre Town Park - one that stays open year round, but changes with the seasons (cider and donuts in the fall; hot chocolate and cookies around a gas fire-pit in the winter; maple donuts in the spring; ice cream in the summer). Forget Barre Center - Vanlieshout Farm smells too awful for anything there (no, I am not being mean - I am just being truthful). Move down to the park and build. Bring in people - yes, I said itbring in people - encourage homes, but to do it you have to give them a reason to come and a reason to stay. Wind turbines and solar farms are not your answer. Go back to the whole American Dream home ownershiphelp people attain that and the town will be successful.	3/20/2024 5:08 PM

80	I just want to comment on the term longevity of public officials. If someone is doing a good job for everyone's reasonable wants and needs, I don't think a cap is the answer. 88	Folks seem to get upset when land will potentially be cleared/used for renewable energy installations, but shouldn't that same concern be applied to when 5, 10, 15+ acres of woodlands are cleared to put in or extend another crop field? I notice more and more woodlands disappearing, and in this town it's not due to renewablesI'm all for folks being able to do what they want with their property, but don't call out one and not the other when it's one in the same. Also, something that has bothered me over the years is when manure is spread on a field, the tractor pulls back onto the road and covers it with wet manure, the road is filthy, and then we drive our vehicles down the road which get covered with the manure. And then what happens if we have a child who gets out of the vehicle and grabs that door handle with manure on it, and then touches their face, mouth, etc before we have a chance to clean? Again, focus is put on health implications of renewables, but what about this? What about in the summer time when that mature dries and kicks up into dust and into the open windows of vehicles as they drive by? Shouldn't these tractors/trucks at least be sprayed down before reentering the road?	3/8/2024 11:45 AM
